6FT TO 12FT EXTENDABLE PLATE LEVELS

PRODUCT DETAILS

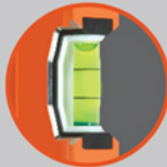

Johnson's plate level includes a patented, triple-secured vial mounting system providing consistent, accurate readings and protection against pinch points. Features the fastest locking kit which is replaceable in under five minutes. It has a measuring scale with lock pins at every foot for fast set-up and positioning. The reinforced components and metal frame help prevent damage from drops and tips. Stand-offs easily clear braces or rest between top/bottom plate for single contact leveling.

Triple-secured vial mounting system

Ergonomic soft touch dual hand grips

Hi-visibility impact resistant vials

Low-friction, engineered brake pad

Plumb vial at eye level for easy viewing

Replaceable stand-off ends
